

## **Job Title**

Rental Shop Technician

## **Job Overview**

The Rental Shop Technician will assist our membership and guests with rentals, repairs, and tuning. Technicians fit and adjust ski and snowboard equipment accurately, safely, and with an upbeat attitude. They are eager to learn about winter sports equipment, settings, and ensuring proper binding compatibility and operation. This position will collaborate with Snowsports School, Administration, and Management to better serve our membership and guests.

## **Responsibilities and Duties**

- Report to work in a timely manner with a positive approach to each day.
- Accept training and pass binding certification test as required.
- Sell, rent, repair, and tune all winter sports equipment.
- Assist all membership and guest with rental and sales.
- Verify rental form is completed and signed by all.
- Support Rental Shop Manager at requested tasks such as cleaning, inventory, maintenance, and management of rental equipment fleet.
- Maintain a clean and safe work environment.
- Support Rental Shop Manager in all binding testing and equipment repairs.

## **Qualifications**

- Committed to becoming a skilled team member.
- Committed to improving, learning, and evolving.
- Honest and Hard Working
- Eager to learn about rental equipment, repairs, and tuning.

## **Requirements**

- Necessary handling and movement of ski and snowboard equipment.
- Tool and Ski Tuning Equipment Use and knowledge.
- Use of Respirator, gloves, ear, and eye protection
- Always respond to member and guests needs positively and open-minded
