Please tell us a little bit about yourself. Include any medical training, skiing or riding experience, and what days you would be available to patrol.

Why do you want to join the Patrol?

Who referred you the Patrol?

We are expecting that you will be able to give us at least 17 patroller days per year on a scheduled day for a minimum of five (5) years. Your first year will be your training year. Training will start in September and runs until approximately the second week in March. It is expected that you are present for each and every training day. Once you have successfully passed your OEC and S&T evaluations next March, you will become a full patroller. For the following year, you will be on probation. During that year, we will be monitoring your dedication and performance. We expect you to perform your duties efficiently, respectfully and with the utmost courtesy at all times. You will have a mentor to work with you for as long as you need. This mentor will assist you with opening and closing procedures, local protocol, and daily routines specific to the HoliMont Ski Resort as well as HoliMont Ski Patrol.
